ABSTRACT

The Community/Junior College Committee of the National Association for Foreign Student Affairs (NAFSA) sponsored a study on junior and community college enrollments of foreign students in the U. S. The report consists of a series of tables: a national summary report by NAFSA region and regional reports by state. These tables indicate the total number of community colleges and their total enrollments within each region or state; the number of colleges reporting in the survey, their total enrollments, and their foreign student enrollments by number and percentage of total enrollment. Total foreign student enrollment (F-1 Visa, Other Non-Resident, and Immigrant) ranges from .84 percent to 2.75 percent; the average is 2.36 percent. Data was obtained in part from Community and Junior College Directory: 1974 (AACJC, Washington, D.C., 1974). (MJK)
